Real Total Consumption Trend Index and Real wage income of employees

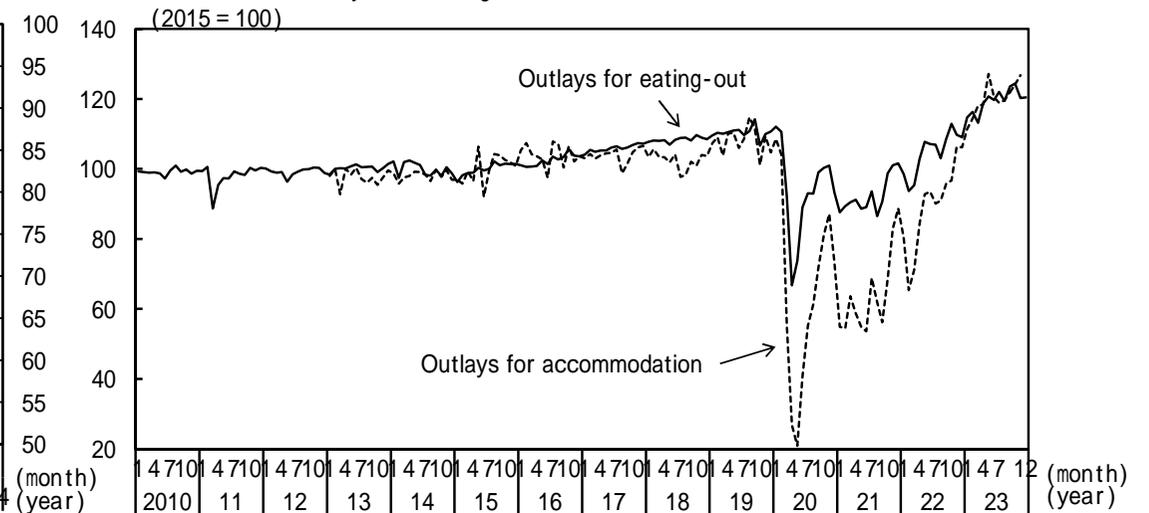

Number of automobiles sales and Sales of machinery and equipment stores

Consumer confidence index and Average propensity to consume

Outlays for eating-out and accommodation

(Sources) Figures for Real wage income of employees are estimated by Cabinet Office. Based on data from "Total Consumption Trend Index", "Family Income and Expenditure Survey", Ministry of Internal Affairs and Communications, "Consumer Confidence Survey", Cabinet Office. From April 2013, the survey method of Consumer Confidence Survey has changed to mail survey from direct-visit and self-completion questionnaires. From October 2018, the survey method using mail and online together has started. Additionally, there is discontinuity between March and April in 2013 due to the change in the survey method.

(Sources) Based on data from "Current Survey of Commerce", Ministry of Economy, Trade and Industry, "Automobile Statistics Monthly", Japan Automobile Dealers Association and Japan Light Motor Vehicle and Motorcycle Association, Japan Food Service Association, "Monthly Survey on Service Industries", Ministry of Internal Affairs and Communications. Figures for Numbers of Automobile sales, Outlays for eating-out, Outlays for accommodation are seasonally adjusted by Cabinet Office.

3. Business Investment

Business investment appears to be pausing for picking up.

7. Production, Shipments, Inventory

Industrial production was on the way to picking up,
but manufacturing activities have declined recently due to the effects of suspension of production and shipment by some automotive manufacturers.

Souces: Ministry of Internal Affairs and Communications; Cabinet Office; Ministry of Agriculture, Forestry and Fisheries; Japan Tourism Agency.

Note1: The total number of employed persons by prefecture (model estimate) is used as the national value to calculate the national share of employed persons.

Note2: The rankings of main agriculture and livestock products are based on different years depending on the item. Fishery output is the total value of Marine Fishing and Marine Aquaculture.
